REMARKS

This is a full and timely response to the outstanding final Office Action mailed February 8, 2006. Through this response, claims 46, 48, and 63 have been amended. Reconsideration and allowance of the application and pending claims are respectfully requested.

Allowable Subject Matter

Applicant greatly appreciates the Examiner's indication that claim 46 is allowed.

Finality of Office Action

In response to the Final Office Action, Applicant respectfully requests that the Examiner enter the foregoing amendments and consider the following remarks because the claims have simply been amended to place them in condition for allowance. In the alternative, Applicants request that the claims amendments be entered because they better place the claims in condition for an appeal.

Claim Rejections - 35 U.S.C. § 112, Second Paragraph

A. Statement of the Rejection

Claims 48 and 63 have been rejected under 35 U.S.C. § 112, second paragraph, as allegedly being indefinite for failing to particularly point out and distinctly claim the subject matter that Applicant regards as the invention. In particular, the Examiner asserts that claims 48 and 63, as amended, are confusing, because claim 48 now essentially contains two definitions for compound (a) and claim 63 now essentially contains two definitions for

compounds (a), (b), (c), and (d). In other words, the Examiner believes that "multiple definitions of the same component within the same claim render the claims needlessly ambiguous." *Office Action* at 2.

B. Discussion of the Rejection

In response to the rejection, Applicant has amended claims 48 and 63. In view of those amendments, it is respectfully asserted that claims 48 and 63 define the invention in the manner required by 35 U.S.C. § 112. Accordingly, Applicant respectfully requests that the rejections to these claims be withdrawn.

Applicant wishes to clarify that the foregoing amendments are cosmetic in nature and are not made as a condition for obtaining a patent. Applicant further submits that these amendments are non-narrowing and, pursuant to *Festo Corp. v. Shoketsu Kinzoku Kogyo Kabushiki Co.*, 122 S. Ct. 1831 (2002), no prosecution history estoppel arises from the amendments. See also *Black & Decker, Inc. v. Hoover Svc. Ctr.*, 886 F.2d 1285, 1294 n. 13 (Fed. Cir. 1989); *Andrew Corp. v. Gabriel Elecs., Inc.*, 847 F.2d 819 (Fed. Cir. 1988); *Hi-Life Prods. Inc. v. Am. Nat'l Water-Mattress Corp.*, 842 F.2d 323, 325 (Fed. Cir. 1988); *Mannesmann Demag Corp. v. Eng'd. Metal Prods.
